I have a friend named Jimmy Magroo,
Jimmy Magroo doesn't know what to do
He thinks before is after and after is before
You'll never believe what happened when Jimmy got ready for school

He put toothpaste on his brush after brushing his teeth
He put his underpants on after putting on his jeans
He put his socks on after putting on his shoes-Oh No!
Poor poor Jimmy Magroo

Chorus

Poor poor Jimmy Magroo,
Jimmy Magroo doesn't know what to do
He thinks before is after and after is before
You'll never believe what happened when Jimmy got to school

He tried to walk through a door before opening it up
He tried to paint with a brush before dipping it in the paint
He tried to eat his snack after throwing it away-Oh No!
Poor Poor Jimmy Magroo

Chorus

Poor poor Jimmy Magroo,
Jimmy Magroo doesn't know what to do
He thinks before is after and after is before
You'll never believe what happened when Jimmy got home from school

He tried to watch TV before turning it on
He tried to pour a glass of milk before getting out the glass
He tried to take a bath before talking off his clothes-Oh No!
Poor, poor Jimmy Magroo

Bridge

Well cold is cold and hot is hot
One is one and two is two
Before is before and after is after
But not for Jimmy Magroo
You'll never believe what happened when Jimmy got ready for bed

He put toothpaste on his brush before brushing his teeth
He put his pajamas on before taking off his jeans
He got under the covers before taking off his shoes-Oh No!
Poor Poor Jimmy Magroo

Chorus

Poor poor Jimmy Magroo,
Jimmy Magroo doesn't know what to do
He thinks before is after and after is before
He thinks before is after and after is before
