Why is Jimmy Smith stepping on ants  
Stepping on ants, stepping on ants  
Doesn't he know that's something he can't  
Stepping on ants stepping on ants

He might be stepping on a mother with her daughter  
Or a father with his son  
Doesn't he know that stepping on ants  
Is something that shouldn't be done

And why is Jenny Jones stepping on spiders  
Stepping on spiders, stepping on spiders  
Doesn't she know that she never might have  
Been stepping on spiders stepping on spiders

She might be stepping on a father with his daughter  
Or a mother with her son  
Doesn't she know that stepping on spiders  
Is something that shouldn't be done?

Now some bugs can hurt you and some bugs won't  
So why are we stepping on bugs that don't  
Next time you see a bug on the street  
Will you please be very careful where you put your feet.
