Oh help me please oh please help me I don't know what to do
There was a dinosaur in my backyard when I got home from school
It was eating up the bushes and the leaves and the trees
And tearing up my dad's new lawn
He's gonna be mad when he gets home
Unless that dinosaur is gone

(Spoken)

You know I've never had a dinosaur in my backyard before. I think we should call animal rescue. Let's get on the phone and dial that number. 10,9,8,7,6, 5, 4!
It's ringing.... riiing It's ringing riiing someone's answering.
(pinch your nose when saying this) Hello, animal rescue.
Animal rescue you won't believe this. There's a dinosaur in my backyard!
(pinch nose) Well what kind of dinosaur is it?
What kind? Well I don't know. Just a minute. I'll have a look
Ooo this one has big boney plates growing all the way up its back.
(pinch nose) Oh that sounds like a stegosaurus.

(sung)

Stegosaurus Stegosaurus Stegosaurus in my backyard
Oh you'd better come over right away there's a Stegosaurus in my backyard

So I went to the window to look outside to see if it was gone
Oh no you won't believe it there are two dinosaurs in my backyard
They were eating up the bushes and the leaves and the trees
And tearing up my dad's new lawn
He's gonna be mad when he gets home.
Unless those dinosaurs are gone.

Animal rescue I know I just called but you see things have changed.
There's not just one dinosaur in my backyard anymore. Now there are *two* dinosaurs in my back yard.
(Pinch nose) Well what kind of dinosaur is it?
What kind? I don't know. Alright, just a minute,
Ooo this one looks like it flew into the yard.
(pinch nose) Oh that must be a Pterodactyl

(sung)

Pterodactyl, Pterodactyl in my backyard
Oh you'd better come over right away
There's a Pterodactyl in my backyard

So I went to the window to look outside to see if they were gone.
Oh no you won't believe it there are *three* dinosaurs in my backyard
They're eating up the bushes and the leaves and the trees
And tearing up my Dad's new lawn
He's gonna be mad when he gets home
Unless those dinosaurs are gone

(Spoken)

Alright, alright. Do you know what I'm going to do this time? I'm going to look out the window and see if I know what kind it is before we call animal rescue. Ooo. This one is huge it's got big dangling front arms and sharp sharp teeth. I know it's a Tyrannosaurus Rex. A meat eater. Wait a minute. I'm made of meat. Did you hear that! Oh no. It's coming this way. It's gonna get me. It's got me by the neck. HELP! HELP! HELP!

Just then I looked up and my Dad was shaking me. I said, Dad what are you doing?. You have no idea what's happening here! Oh yes I do, he said. You're having a bad dream." A bad dream? Oh no I said. Look out the window.
