When you go to sleep in your bed tonight
I wish you sweet dreams, I hope you sleep tight

Chorus

Just remember love will be with you
Wherever you go
All day and all night through
Love will be with you

In the morning when you awake to another day
I hope you will be with friends and good things come your way

Chorus

Just remember love will be with you
Wherever you go
All day and all night through
Love will be with you

Bridge

In the dark of night I hope love will light up your dreams
And when you wake up scared I hope someone is there to rock you back to sleep

When you go to sleep in your bed tonight
I wish you sweet dreams I hope you sleep tight

Chorus
